**From:** I<sup>2</sup>T SME - Global Executive Co-Founder's, Ownership Group  
**To:** All Consumers & Clients - Good Day,

I<sup>2</sup>T SME - Global: Technology & Innovation pioneers, a brand name I<sup>2</sup>T SME - Global, LLC aka I<sup>2</sup>T S | G represents three imperative model principles, which reflect the support of service security telecoms management, protection, and in-depth defense. Due in part to the critical need to have applications, identifications, and identity in managing the legal training addressing security to advanced & in most cases, complex technological innovation in Resilient Governance; as an active Thorough In-depth Security Posture (TISP). Addresses all phases of Info. Technology (IT)/ Info. Security Systems (IS-S), Cyberspace/ Cybersecurity combined w/ Intelligence applicational disciplines with cleared and Uncleared H.R. Recruitment. Key business philosophies: We strategize yields capabilities to engage world-class sets of Subject Matter Experts (SMEs) in the Global High Tech Strategy IT/IS, Cyber & Intel Consulting model to build a framework think tank of elite technical problem-solving across the DoD & Commercial sectors. Results-oriented & driven in the delivery of superior, cutting-edge products need data analytics, advanced technology services & while addressing quantitative problem-solving. Advocate critical challenges with comprehensive & responsive consulting Advanced Solutions (AS) to procurement by national professional level, experienced Tech. SME's. Strategic Capabilities SMEs in diverse business area execution & plans.

**Core Competencies, Key Leadership Attributes & Execution:**

- 5G Special Design Bus. Integrated Solution
- Adaptability/Flexible Network Mgt.
- Analysis Research & Develop. (R&D)
- Comm. TechSec Net-centric Governance
- Confidential, Integrity, & Avail. for Cyber
- Exec. Mgt. Coaching/CMMC Training
- Consulting Bus. Mgt Team Performance
- Strategic Technical Compliance Training
- New Technology Utilization Systems
- Cyber Warfare Tech 5G Strategy Serv.
- High Availability & Accessibility
- Cybersecurity Network & Enterprise
- Decisive Prototype Installs Configs
- DoD Strategic Agile Plans Standards
- Highly Proficient/Proc. Improvements
- Exec. Excellence in Prog. Mgt.
- Strategic Bus. Intel Mgt Training
- Compliance Gov. Training Prof.

**❖ Vision Statement:** I<sup>2</sup>T SME - Global, LLC (I<sup>2</sup>T S | G), a "World Class Subject Matter Experts (SME), offers decades of superior Advanced Technical Engineering & Technology Management (TM) with a seasoned core of proven, dedicated, and focused military leaders; a skillful Group employs Security, Cyber, Data & People Processes (SCDP-P) influenced Best Practices (BP)." Our organization's executive resilience lead's an organization's exposure leverage key offerings on unparalleled customer understanding and administration with a body of Mgt. Expertise - Skilled Scientific, Engineering & Technical Forensics Teams (SETFT): Focusing on Info. Tech (IT)/ Systems (IS) with complete advanced knowledge of Security related tasks to Force Protection, Syst. Eng., Aviation, Electronic Warfare (EW), Electromagnetic Spectrum (ES), Cybersecurity, Telecomm, Research & Development to Intel - Data Knowledge Mgt., in our advanced consulting. Resulting in global technology and systems development w/ advanced concepts & tailored R&D to Agile strategic plans. I<sup>2</sup>T S | G - Focused, driven, technically oriented skills in key leadership values, engagement of critical, insightful empirical technology, security advice & milestones. Achieving efficiency, defined results towards Civil/ Comm., Defense, & in Academia arena; w/ Cyber, 5G Net Centricity using state of the art Cloud Computing, delivering vital, influenced & valued Executive Business & Ethical Performance Skills (EBEPS).

**❖ Mission Statement:** I<sup>2</sup>T S | G leverages integrity defined by excellence with talent and communicative leadership through a process of effective client-focused commitments & process strategies. Built on the expertise of invaluable operati experience showcasing advanced people diversity, management, and skilled execution requirements. I<sup>2</sup>T S | G builds a security posture by yielding advanced critical assessment methodology tackling the most complex business & tech problems. Objectively tailoring, solving user requirements & expanding knowledge capabilities using business acumen; as an executive presence of detailed analytics, technological processes & Product Proj. Mgt., & from Civil, Comm., USG / DoD practices. Our

## Technical Overview for the Business Technology & Global Consulting Service's

SMEs have 27+ years of Federal Military training excellence, compliance, policies, laws & team-oriented standards. Delivering success & addressing all Best Practice Standards; by mentored merit by achieving collaborative, integrated transparency policies thorough mandated execution tasks, requirements, regulations, decisive legal Mgt. of Tm's w/Educational Risk Coaching.

- 5G 3GPP - Telecomm, Innovation, Transformations, Business Enablement & Big Data Analytics
  - Advanced High Availability w/ Technical Services
- Cloud & Enterprise Computing Solutions
- Education and Regulatory Mgt. Ethical Business Policy, Resiliency, & Governance (PRG)
- Governance & Risk Management Execution (Coaching, Teaching, and Mentoring)
- Incident Responses, Systems Containment & Recovery
- Performance, Prioritized, & Strategic Plans & Contingency Network Security In-Depth Defense/Monitoring
- Security Resilience & Adaptive Technology "One-Of-a-Kind Solutions"
  - Security Technical Assessments, Systems Engineering, and R&D to Security
- Technology Integration Plans & Operations w/ Zero Trust
- Training Dependencies Inclusive of Support w/ Test & Evaluation, Delivering Technical Writing & w /Online or In-person

❖ **Objectives:** I<sup>2</sup>T S | G overall key business, philosophies, & strategized capabilities; seek to engage world-class sets of Subject Matter Experts (SMEs) in Global High Tech Sec. Strategies in IT/IS, & Intel Consulting models to build a framework think tank of elite technical problem-solving across Corp., the DoD, and the Commercial sectors of technical innovation. They were delivering a creative core practice of superior, cutting-edge products and advanced technology services; & addressing advanced critical challenges with fully comprehensive consulting responsive requirements to a quality business model plan. I<sup>2</sup>T S | G represents three echoed imperative ethical principles: 1st-Reflects direct support of Service Quality Protection & 2nd- In-Depth defense addressing areas of Info. Tech. (IT); Info. Systems Sec. (IS) & 3<sup>rd</sup> - Cybersecurity combined Intel Operations (Opns) w/ Multi-Intel applying policy, Acquisition {Federal Acq. Regulations (FAR) guidelines} & Advanced Force Protection & vital applications.

**Differentiator & Business Case:** I<sup>2</sup>T S | G upholds the most sustainable products, price, availability, product value, and advanced consumer-promoted technology. Always ahead & consistent in delivering; a technically focused, robust & detailed Systems Sec. Admin. (S-SA) development of integrated platforms solutions; communications Infrastructure, Messages & Securing Data Content Knowledge}. Addressing multi-discipline duties across broad high-tech service areas in Geospatial related Cyber Simulations, Radio Access Networks, & Systems Mission Planning. Combining meticulous execution to the last commercial & tactical user exploitation Received/Transmitted Rx/Tx segmented via Cybersecurity, Analytics, broaden the C5I spectrum, EW to Signals Intelligence SIGINT & Geospatial Imagery Intel (GEOINT). It is enhancing vital near real-time Info. Tech. (IT), Info. Systems Sec. (ISS), Ethical Hacking, Electronic Warfare (EW) delivering National Technical Means (NTM), incl. Of Tactical Air Intel. Surveillance & Reconnaissance (ISR). I<sup>2</sup>T S|G serves to be that linkage to a 1st Trusted Consulting Defense Encryption key w/ invaluable Security for all Civil/Defense Markets, with expectations of the entire Enterprise Mgt., Governance & Risk. Commitment & Obligation: To Endpoint Security, Confidentiality, Integrity & the Availability (CIA) model, w/ a respected Zero Trust applications within the Governance principal strategies executed. We offer Bar Certified Lawyers, Aviation Certified Commercial Airline (Type Rated Pilots) & Academic Collegiate Professor Teaching Experts. I<sup>2</sup>T S | G highly skilled, as Retired Honorable Military Vets & former Gov. Experts that have "HONOR in Business led w/ the Highest Ethics & Responsible Equality in Leadership, Program & Project Mgt. (P-PM) practices; as a leader in the profession of industry standards; the Best Practices to any Clients!"

**Major Product Engagement Areas & Business Solutions:** Consulting Services are available anytime just schedule time on the website.
